

**SUMY STATE UNIVERSITY  
MEDICAL INSTITUTE  
DEPARTMENT OF SURGERY, ORTHOPEDICS, TRAUMATOLOGY AND PHTHISIOLOGY**

**PLAN  
OF THE STUDENT SCIENTIFIC SOCIETY FOR THE ACADEMIC YEAR 2023-2024**

**1st meeting: 13.09.2023 – 16.00.**

Drawing up a list of students in the club. Election of the chairman and secretary of the group. Familiarization of students with the scientific work and clinical base of the department. Selection and discussion of topics for scientific works of students. Familiarization with the rules of scientific papers. Familiarization with the rules for preparing reports for the scientific and practical student conference.

**2nd meeting: 18.10.2023 – 16.00.**

Report: Modern antibiotic therapy in surgery. The issue of antibiotic resistance. Discussion of the report. Summarizing the results of the meeting. Discussion of student research topics. Preparation of reports for scientific and practical student conferences.

**3rd meeting: 15.11.2023 – 16.00.**

Report: Modern approaches to the treatment of purulent infection caused by anaerobic microflora. Discussion of the report. Analysis of clinical cases on the topic of the report. Summarizing the results of the meeting.

**4th meeting: 20.12.2023 – 16.00.**

Report: The latest techniques in the treatment of widespread peritonitis. Discussion of the report. Analysis of interesting cases of surgical diseases. Acquaintance with the work of the endoscopic room of the surgical department of the SRH. Summarizing the results of the meeting.

**5th meeting: 17.01.2024 – 16.00.**

Participation in the evening rounds in the surgical department. Analysis of interesting cases of surgical pathology. Discussion of student research topics. Preparation of reports for scientific and practical student conferences.

**6th meeting: 14.02.2024 – 16.00.**

Report: Extracorporeal methods of detoxification in surgery. Discussion of the report. Acquaintance with the work of the hemodialysis department of the SRH. Summarizing the results of the meeting.

**7th meeting: 17.03.2024 – 16.00.**

Report: Endovascular methods of diagnosis and treatment of acute and chronic arterial insufficiency. Discussion of the report. Acquaintance with the work of the Department of Interventional Surgery of the SRH. Summarizing the results of the meeting.

**8th meeting: 13.04.2024 – 16.00.**

Report: Topical issues of treatment of gunshot wounds and mine-blast trauma. Discussion of the report. Participation in the evening rounds of the surgical department. Analysis of interesting cases of surgical diseases. Summarizing the results of the meeting.

**9th meeting: 15.05.2024 – 16.00.**

Report: Modern approaches to the treatment of patients with multiple organ failure in surgery. Discussion of the report. Participation in the evening rounds of the surgical department. Analysis of interesting cases of surgical diseases. Summarizing the results of the meeting.

**10th meeting: 05.06.2024 – 16.00.**

Report: Transfusiology: past, present, future. Discussion of the report. Summarizing the results of the group's work for the year. Discussion of the work plan for the next year.

Head of the student scientific group

PhD, As. Prof. Kravets O. V.
